REMINISCENCES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

The election campaign for 1879 opened in this county on July 26th with the meeting of the Republican county convention and the promise of a hot political fight of a three cornered nature, for at this time there were three parties ready to contend for supremecy. In addition to the old Republican and Democratic parties, the organization which had gathered about Dennis Kearney, of sand lot fame, and his agitation against encroachment of Chinese Labor, and which had adopted the rather taking name of "Workingmens Party," and the followers of which had to a large extent been instrumental in the adoption of a new constitution for the state, were preparing to make an effort to capture the official positions. With the apparent success gained in the constitutional contest, Kearney and his cohorts were considerably puffed up and entertained great hopes. Kearney himself, who had but a few short months before jumped from his seat as a driver of a dray, had assumed the full roll of a political dictator and aspired to be the big boss of the state, assuming to dictate in a kindly way not only the platform of what he claimed as his party, but to a large extent to take the lead in the selection of its candidates. Results in September proved, however, especially as far as San Mateo County was concerned that Kearney and his followers had counted their chickens before they were hatchd and that the eggs in the nest were not to prove very fertile.

The Republican convention, which as usual was the first to meet, was called to order in this city by E. W. Marsten, chairman of the county central committee, and A. F. Green was elected as chairman, and E. Mullen as secretary, the roll call showing 41 delegates present. Throughout the convention was a harmonious one, and while there was a lively contest from some of the nominations, as there usually had been in the party which usually succeeded in electiong its members, or at lesat the greater portion of them, there was an utter absence of acrimony or unnecessary dispute After adoption a platform of resolutions pledging themselves to oppose further immigration of Chinese laborers and to uphold a number of labor reforms, the convention placed in nomination the following ticket: For assemblyman, C. N. Felton; county clerk, George H. Rice; sheriff, George W. Green; assessor, A. B. Fletcher; treasurer, W. J. Wilcox; auditor, E. A. Eikerenkotter, district attorney, George C. Ross; superintendent of schools, G. P. Hartley; coroner, Dr. E. W. Loveland; superior judge, J. C. Hebbard; surveyor, J. J. Cloud.

The regular, or what was known as the Kearney wing, of the Workings Party held its nominating convention the same week at Menlo Park, putting in the field the following ticket; For assemblyman, J. Schuyler; sheriff, Geo. W. Green, district attorney, E. Barry; county clerk, George H. Rice; treasurer S. B. Gilbert; auditor, E. A. Eikerenkotter; Assessor, J. J. Hill; surveyor, J. J. Cloud; superintendent of schools, G. P. Hartley; coroner E. W. Loveland; superior judge J. W. Bicknell. As will be noticed, to a very large extent this was an endorsement by this convention of the Republican nominees, and this later proved to be a rather unpopular move among the local leaders of the Workingmen element, many of whom during the next week held another convention a week later, forming a coalition with the remnants of an organization which had styled itself the "New Constitution Party. This convention consisted of 31 delegates and after two days session placed in the field the following as its standard bearers: For superior judge, E. F. Head; sheriff, R. J. McNulty; county clerk, William Lipp; district attorney, Edw Barry; assessor, C. Hartsough; auditor, Frank T. Meagher; treasurer, Dr. L. D. Morse; school superintendent, S. B. Gilbert; coroner, Dr. Dunbar; assemblyman, R. H. Thornton.

The Democrats, the last of the parties to take the field, held their convention in this city on August 2d, with George W. Fox as chairman and W. J. Tisdale as secretary. In this convention there were several contests for the honor of nomination and some little acrimony—rather strong personalities being indulged in on several occasions. As finally selected the party stood as follows: Superior judge, J. Bicknell; assemblyman, James Schuyler; sheriff, Jacob Bryant; county clerk, F. Rohrer; assessor, J. J. Hill; treasurer, R. Mattingly; school superintendent, Miss Kate M. Bishop; surveyor, J. J. Cloud. The nomination of Miss Bishop was made in spite of the fact that her father had asked that her name be not considered by the convention, the opinion of the delegates seming to be that the nomination of a woman for this office would prove a popular departure for the established custom.

Just to show that the Times and Gazette was ready to encourage and commend local genius in its earlier days as it is at present, the following item is copied from the issue of August 2d, 1879: "Geo. W. Lovie has rigged a derick for the stacking os loose grain which is a perfect success. He has the grain brought to the place where he desires to build the stack on sleds, the sides of which are made of baleing-rope which connect on the bottom of the sled to the pieces of wood with a catch. The sled is then brought to the spot, and on being hoisted up a small string which is attached to the catch is pulled and the load of grain is dropped where desired About 25 acres of grain a day can be stacked with the help of three sleds, five men, one boy and seven horses."

ATTEMPT TO FLOAT A BOGUS CHECK FAILS

Dan R. Stafford, the Broadway merchant, is looking for a stranger who enter his store Saturday afternoon, borrowed a blank check on the Redwood City Commercial Bank and then went to Palo Alto and forged the name of Stafford Brothers to the amount of $45.

Monday morning word came from P. L. Seamans, a Palo Alto jeweler, that a man entered his place Saturday evening, purchased a pair of spectacles, and offered a check in payment. The check was in favor of P. E. Mellens and was signed "Stafford Bros."

The jeweler refused the check, but gave the man credit for the glasses until he could cash the check. The stranger failed to return.

Tuesday morning the check was received at the local bank from the Italian bank at San Jose with the statement that it had been deposited for collection.

PARTICULARS OF DEATH OF THOMAS A. KOEN.

A late copy of the Yokohama Gazette, containing an account of the death of Thomas A. Koen, the brother-in-law of Chase Littlejohn, who passed away in Japan February 11th, has been received at this office. The cause of death was pneumonia, from which Koen had suffered but a few days. He died at the Yokohama Union Club, the headquarters of an exclusive organization of which he was a member. The funeral took place February 13, and was attended by members of the U. S. consulate and many prominent people of the city. The Gazette refers to the deceased in the very highest of terms.

Previous to the arrival of the papers, Mrs. Koen, the mother of the deceased in San Francisco, received a letter from E. G. Babbitt, the acting consul at Yokohama, notifying her of her son's death and enclosing cards and other expressions of sympathy that were sent to the funeral by friends.

Richard McCance, the father of Mrs. J. W. Wallace of Roosevelt avenue, who recently returned from Japan, in which country he had spent forty-three years, was also intimately acquainted with Thomas Koen, and was deeply grieved to learn of his death.

Adolph Osorio was operated on at Mrs. Huling's sanitarium Monday by Drs. Taylor, Ross and Taggart for appendicitis. The case is considered critical as the disease had progressed to a dangerous stage In addition Osorio has pneumonia. In spite of his serious illness his doctors have hope for his recovery.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Uncle Joe Cannon has declined an offer from a lecture bureau. He probably prefers to stay in Washington and lecture the Democrats.

Speaker-to-be Champ Clark declares that the Democratic party presents a united front. Well probably so, but it won't take long for some ambitious statesman to start a fire in the rear that will throw the organization into a dozen factions.

LOT OWNERS SHOULD ACT.

Owners of lots in Union Cemetery should lose no time in perfecting plans for some effective organization. They are the ones most directly interested in the important matter of properly caring for this last resting place of their dead, and to them the general public naturally look for the first move. Once some proper organization is formed the matter of active public support can be taken for granted, for the revelations of the past week have aroused a strong public sentiment.

While people have long been aware that this sacred spot was suffering from neglect, a too common spirit of apathy in what seemed a public matter has been content to let this pass for want of some organized method of awakening interest. Since it has been made apparent that acts of vandalism and desecration have been added to the sin of neglect, this feeling of apathy has undergone a change until there is now a general and emphatic demand for reform.

That there is urgent need of this work a single visit to the cemetery will amply demonstrate. Evidences are abundant that the very people who might ordinarily be expected to assist in the protection of the property—those who live in the immediate neighborhood—are among those against whom it most needs protection. Not only have chickens and small animals of the neighborhood been allowed to roam at will over the place and disturb and desecrate the graves, but walks and fences have been deliberately destroyed. Walks and driveways have been used as public roads until they are now almost impasable. Such actions as these can easily be stopped. They at least constitute the crime of trespass, if not a more serious offense, and as such the guilty parties may and should be prosecuted.

That some little expense must be incurred in any movement for the protection and adornment of the place there is no question. This need not deter action for a single day. Once the people are convinced that effective work will be done there will not be the slightest difficulty in securing the necessary means. No one will hesitate to contribute a share towards a work of this character.

A MAN FOR THE PEOPLE.

Assemblyman Henry Ward Brown of San Mateo county seems to be a little out of favor with the powers that be at Sacramento. This was to be expected by those who have carefully watched the course of events since the first days of the organization of the present Legislature. To the unbiased observer it has been plain from the first that no man who was possessed of a spark of independence, who was not ready at all times to "take orders," could expect any particular recognition. Either he must stand ready to support every fad promulgated by the self-styled leaders or expect to be read out of the "fold".

Mr. Brown is not a man of this stamp, and that he is not was well known to the people of San Mateo county at the time of his election, as their representative. Evidently the people of the county desired a man who from past experience they felt could be relied upon for the exercise of an independent intelligence in the shaping of legislation for the good of the people of the county he represents as well as for the benefit of the entire state. This had been the course of Mr. Brown in the past while occupying the same position, and he was selected with a full knowledge of that fact and a hope for its continuance.

During all of his long service in the Legislature Mr. Brown has been the representative of the people to whom he owed his election, and never the tool of any faction of clique. At no time has he been ready to obey the dictation of any one man or faction of men. At no time has he shown a readiness to heed the crack of the whip of any "bors."

What the people of San Mateo county wanted at CSacramento was a clear sighted and level headed lawmaker, not a fadist. This sort of a man it has been clearly shown they have in Mr. Brown, and we believe the general people are not at all disappointed in their choice.

Of course it is not to be expected that this course would meet with the approval of that little Coterie of individuals who imagine that they are the sole exponents of political honesty and that from them must eminate every precept of political wisdom. That Mr. Brown should find himself the target for the abuse of these self conceited individuals, who are always anxious to rush into print with their vaporings, was to have been expected. Fortunately this class of individuals in San Mateo county compose but an insignificant portion of her citizenship.

HOW SALMON ARE CAUGHT BACK IN THE OLD COUNTRY

Bandon, February 21, 1911

Editor Times-Gazette:

This is not a colored imitation of the truth, but it came under my own eyes. I saw the fish, and the gentleman who rendered first aid with a ladder are both as veracious as the fish they captured was voracious What makes it most remarkable was the capture of the salmon without a rod, which attracted a large and enthusiastic crowd and necessitated the loan of a ladder.

It was near dark, and the fisherman was fishing for trout. He had two lines, baited with worms, while frivolous city people were promenading upand down the quay wall. The fisherman lent over the wall and waited for a nibble. He was not long waiting, for an elderly salmon "caught on." The fisherman, not having a rod and reel, could not pay out, like P. P. Chamberlain, Lon Cook, A.D. Walsh Jack Genochio and others. There was nothing to do but run up and down the quay, and he soon attracted a crowd. Then others followed until the gathering became larger than the meetings of our town trustees. Well, the fish and the man both were pretty tired.

It was then a council of war how to land the salmon. From the top of the quay to the water's edge was a considerable distance. The rod he had would not bear the strain. The ladder was in evidence and was lowered into the river and the friend held the line while the fisherman disappeared into the inky darkness below. There was a minute of awful suspense and cries of he's gone—which might have meant either the fish or the fisherman. Suddenly up came the hero from the depths with a phosphorescent object held firmly by the gills.

And if you could only hear that crowd yell. The subsequent proceedings are of no interest to any one save to an Issac Walton or to those curious to know how a salmon is landed in Ireland sometimes, and I think some of your readers could tell how they themselves landed them.

In my next I will tell you how Home Rule looks to me, and of the Land Purchase Act of 1903, and the old age pension, and also of the laborer's cottages and the happiness of the people. And I assure you it is so, prosperity everywhere. I am in a hurry, for I have to get ready, I am going to dine with some ladies from the Castle this evening.

Yours as ever,
P. J. Foley.

A Metropolitan Opinion.

San Francisco, March 8, 1911.

Editor Times-Gazette:

In your paper some weeks ago I noted you were "boosting" for Tanforan Park as the site for the Fair. The general concensus of opinion here is that it will be held at Golden Gate Park orat Lake Merced. A great many object to the Park as they believe it would be destroyed for a great many years to come, just as the Chicago park was. Lake Merced is a beautiful spot with a beautiful landscape surrounding, and above all is sheltered from the prevailing winds by the mountain range that lies between the lake and the ocean. Furthermore, Lake Merced is accessible by two lines of the United Railways, the Ocean Shore Railway runs directly by it, and it is reached by the Southern Pacific by way of Ocean View and South San Francisco. and Colma.

As there is very little mentioned of Tanforan Park it seems to me that Lake Merced site would be just as good a "boost" for San Mateo county. It would command travel over Dumbarton bridge for direct travel from across the bay and other points, and it would be in as close proximity to San Mateo as to the heart of San Francisco, and I think it would be a big feather in the cap of SanMateo county to have it held at Lake Merced.

Yours very truly,
H.A. CARROLL.

Beautiful and Impressive

South San Francisco and Vista-Grande Aeries, Fraternal Order of Eagles, united in a memorial service at South City last Sunday, which was attended by many of the members from the different parts of this county an San Francisco, among the latter being Judge Thomas Graham, who delivered a masterly oration. A. McSweeney presided and delivered an eloquent opening address. The program, consisting of fifteen numbers, was eminently fitting for the occasion, being rendered in a beautiful and impressive manner. Every one left the hall imbued with the spirit contained in the inscription: "Their virtues we shall ever treasure. Their faults we have forgotten."

To Owners of Real Estate and Personal Property.

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where his property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns over his books to the Board of Supervisors on the first Monday in July. The Board then sets as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble. and very likely cause yourself expense.

It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.

It is a matter of historic interest that the earth filling in the courthouse grounds which is now being rearranged for the new garden and lawns was placed there thirty-five years ago by Hon. Timothy Guy Phelps, San Mateo county's farmer-orator-statesman. The filling was hauled from San Carlos by Mr. Phelps himself, at a cost of $1500, and was taken from the creek that flows through what was then Mr. Phelps property. It was delivered at a low price because Mr. Phelps desired to deepen the stream which, during the winter months, flooded his land. It would cost at least $3000 now. Mr. Phelps was killed by being struck by a tandem bicycle at San Carlos about ten yea.s ago. He was a fine old gentleman and respected by a large circle of friends.

The Big Piano House Opens Saturday

Eilers Music House

IN REDWOOD CITY

For the Convenience of the many San Mateo County families now planning to buy Pianos we will open a store in Redwood City on

SATURDAY, March 18, 1911

We will carry in stock a representative line of the Famous Pianos for which Eilers Music House has the exclusive agency, including such celebrated makes as Chickering, Kimball, Marshall and Wendell.

If you are thinking of buying a Piano or exchanging your old piano for a better one or for the famous Autopiano be sure to call and examine the splendid values we are offering at our Redwood City Store, Piano Values obtainable nowhere else in California.

Ten years ago the first Eilers piano store was established on the Pacific Coast. The "New York Musical Courier" is authority for the statement that one-half of the pianos now sold in the Pacific Coast States are sold through the Eilers stores,

From one small store the organization has grown to forty. From selling a few hundred pianos in a year it has developed until now the sales are numbered by many thonsands.

No buisness could grow to these wonderfull proportions without good reason. The ever-increasing patronage of the Eilers piano stores would have been inpossible without the thorough confidence of the people gained by the most progressive, straightforward and liberal treatment of every patron of the house.

From the day we first opened our buisness on the Coast untill the present time it has been our aim to make every customer a satisfied customer, for we realize that the best advertising we can do is to gain the good-will and the influence of our patrons.

It has always been our aim to give more value to the piano buyer than any other dealer could. To accomplish this we have established a system effecting every possible saving for the benefit of the customers.

Shipping in Carloads

All our pianos come in carload shipment lots, and this, together with the "harmess system" introduced by us for piano shipments, has enabled us to save for patrons many thousands of dollars each year, that otherwise would have have gone to the railroads.

Factory Inspection

There is often a big differenc in pianos of the same make and style. They may not vary in the quality of the material used, but in the general workmanship and the tone-quality of the piano. We have an experienced piano man, who understands piano construction, constantly in the Eastern factories, to select the very choicest insturments. He chooses from thousands of instruments, the pianos of the best construction; thos most beautifully finished and those having the most rich, resonant tones. Other dealers must be content to accept from the factory the pianos shiped them—we get our choice of the choicest.

A Binding Guarantee

Having selected the choicest pianos of the various factories we are enabled to give with each instrument sold a binding guarantee that warrants the instrument against every defect of every description. We assure every purchaser entire satisfaction or a return of his money.

Efficient Tuners and Regulators

We have a corps of thoroughly efficient tuners and action regulatiors, every one of whom has had experience in Eastern piano factories and who understands the making of a piano in every detail.

Every piano shiped from our stores is first thoroughly tested by these experienced men in our shops. The action is adjusted with the greatest care so as meet the varying climatic condition in which it is to be used, and it is so regulated as to insure a rich, round, full tone. Many a good piano is unsatisfactory because of poor regulation.

Sterling Names

In selecting the pianos that we represent, special preference has been given to those manufactors whos names have for many years been a guarantee of excellance, makes that have been sold by the older houses for many years.

The famous Chickering, America's oldest and the world's best; the most popular of all highgrade pianos, the world-renowned Kimball; the Sohmer, the favorite with the most appreciative musicians; the rich-toned Lester, used in scores of musical conservitories; the Hazelton, "The Piano of the New York Aristocracy"; the genuine Decker; the always popular Hallet & Davis; the artistic, the genuine Autopiano, already in use in over a thousand California homes and that perfect instrument the Krell Autogrand. These names and many others attest to the high quality for which we constantly strive. No two firms combined can show such a comprehensive line of high grade pianos.

Saves you Money

To buy a piano of the Eilers stores mean to have the service of experts in making the selection for you. It means hight quality in the piano you receive. It means a binding guarantee that insures you against disappointment in any way. But best of all, it means that you get the highest grade piano for the money that is usually paid for an inferior instrument.

THE LAW AND THE STAGE CAN HOLD NO AFFINITY.

Louis P. Boardman, formerly a resident of Fair Oaks and a practicing attorney, has been sued by his wife for a divorce. She was formerly Isabelle Fletcher and an actress of great talent. Boardman and his wife were married at Portland in May, 1909. After the marriage the couple resided at Burlingame.

"Our marriage was a mistake from the start," said Mrs. Boardman in Oakland yesterday. "I do not want to say a single thing against Mr. Boardman, and I do not expect him to contest this suit. I think he is agreed with me that permanent separation is the only thing for us.

"I was very reluctant to take this step. I am an actress by profession, and of course it will be said that this divorce is all my fault. This is always the way with theatrical people who figure in divorce proceedings, no matter what the facts may be.

"In August Mr. Boardman's finances were in such a condition that I felt it my duty to seek employment to assist him. So I went to the Empress Stock Company in Vancouver and since that time I have supported myself."

The funeral took place Tuesday, services being held at the home by Rev. Mr. Kirtland, after which the body was taken to Cypress Lawn for interment. Many friends sympathize with the parents in their sad affliction.

For several months the residents on the mountain between Woodside and La Honda have been practically without mail and the new stage line will be cordially welcomed by them.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

What promises to be a lively and decidedly close contest over the election of a town trustee of Burlingame, which has been fixed for April 11th, has developed. The party —or rather factional—division will be the same as that which resulted in the declaration of a tie vote at the regular election, and which had been held up pneding decision for many months, the contest being between what is known locally as the Good Government League and the Burlingame Property Owners' Association. The feature which contributes to make the contest especially bitter is the fact that the result of this election will determine which of the two factions is to ontrol the legislative body of the town. The first move in the campaign was made last Saturday evening by the Property Owners when they held the first meeting and perfected elaborate plans for the campaign of Edward I. Sheehan, their candidate in the previous contest. Sheehan will have as his opponent in the contest, C. J. McGregor, the former candidate of the Good Government people, who held a meeting on Monday evening and reorganized for the fight of control of local affairs. While the contest will be a close one, those who claim to be "next" to conditions in that town seem to think Sheehan has a little the best of the fight.

It is now expected by the residents of Burlingame that the town will soon be able to boast of a Carnegie library building. Efforts are being made with good prospects to secure a lot for the site and the trustees have pledged themselves to levy a library tax sufficient to raise $2000 per year for the first two years, and $1500 for the succeeding years. It is proposed to ask for a $15000 building.

While working on the electric line wires of the United Gas & Electric Co. crossing the square at Burlingame one day last week, H. F. Neil, the foreman of the crew doing the work, accidentally came in contact with one of the live wires, and although he received a shock of 2300 volts, escaped with but a slight injury. When he was taken down from the top of the pole, where the accident occurred, and medical aid summoned it was found that he had received the force of the shock entirely in his little finger of one hand with the total result of a severe burn in his finger. After this wound was dressed he was able to return to his home but little the worse for the experience.

Chicken raising is growing to be a very considerable industry on the coast side of this county, especially in the Halfmoon Bay section, and there is now talk of the organization of a poultry raisers association. A movement is well under way for the organization of a hose company for the Burlingame fire department. While the town has owned a hose cart for some time, no provision has been made for its use, owing to the lack of fire hydrants. Lately several new hydrants have been in stalled and a hose company is to be added to the chemical equipment of the town.

What is believed to have been a case of spontaneous combustion was the cause of a rather serious fire at San Mateo last Friday evening, resulting in the destruction of two buildings near the entrance to the grammar school grounds. Although handicapped by lack of water, the fire department did good work and it was onlly due to their well directed efforts that the loss was not much greater. The destroyed buildings were the property of Robert Wisnom, who was partially protected by insurance.

The California outlook, a progressive weekly published at Los Angeles at the nominal price of $1.00 per year for its fifty-two issues, commands attention from the thorough manner in which it covers every phase of the new order of things in political business. NO REASON FOR IT

When Redwood City Citizens Show the Certain Way Out.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of kidney ills when relief is so near at hand and the most positive proof given that they can be cured.

Read what a Redwood City citizen says:

Fred Hassler, 101 Stambaugh St., says: "My kidneys were badly disordered and the kidney secretions were unnatural. Knowing that difficulties of this kind often resulted seriously if allowed to go unchecked, I was anxious to get relief. Seeing Doan's Kidney Pills highly recommended, I got a box at P. A. Ryan's Drug Store, and their use completely removed the symptoms of my trouble. On July, 1907, I publicly testified in favor of Doan's Kidney Pills and at this time I gladly confirm that statement. During the past two years, I have been free from kidney complaint. This fact justifies my speaking more highly than ever of Doan's Kidney Pills."
